

Fumot Digital Box 12K Market Quality Feedback and Counterfeit Inspection Notice

Dear Valued Customer

Recently, we have received reports regarding **Fumot Digital Box 12K** quality issues. Please note the following clarification:

If you find that your device **cannot be charged** or can **not vape with smoke**, please open the battery compartment and check the battery code.

Batteries with the letters **“EKV”** are **original Fumot products**.

If the code is missing or different, the product is a **counterfeit imitation**.

Pls check the picture sample as below :

We strongly advise customers to purchase only from **authorized distributors** to avoid counterfeit goods and ensure proper quality and after-sales service.

Thank you for your continued trust and support.

Fumot Team
